

GMB Wins YAMADA'S Award For Good Quality This Past 2 Years.

GMB wins a successive award from YAMADA for "The best quality and service" on steering joint supply this past 2 years.

We would like to introduce this good news which we are sure will enhance your confidence in GMB products. The "Steering joint" has been identified as a "Vital Security part" and plays an important role in the yoke assemblies.

The "Steering joint" is the crucial part in the turning operation of the vehicle.

The "Steering joint" transfer the handling feel to the steering wheel.

GMB CORPORATION's investment in the latest accredited Q.C. systems will ensure such controls are achieved and allow technological improvements to be met.

On 24th-April-2007, the Vice President of Yamada Co., Ltd. visited us and presented an award to our chairman Nobuo Matsuoka, recognising that GMB had become one of the best suppliers in quality and service to Yamada Co., Ltd.

Yamada Co., Ltd. manufactures various O.E. supplied pumps and steering yoke assemblies. They supply their products to such major car manufacturers in Japan as Honda and also their overseas factories.

GMB CORPORATION JAPAN - A premier provider of reliable auto-mobile parts around the World.
