

automechanika Frankfurt 2008

The 20th Automechanika was held from 16th to 21st September in Frankfurt, Germany. The Fair attracted over 166,000 visitors from 146 nations. 4,680 Exhibitors from 80 countries presented their Products and Innovations.

GMB Group participated in the Fair as an Exhibitor following our attendance at the 2006 Fair. As in 2006, many GMB Group staff worked in our Booth to attend the customers. Especially this year, Presidents of GMB Group, Mr. Kazuo Namboku from Japan, Mr. Joon Park from Korea, Mr. Hidekazu Urata from China and Mr. Ben Koo from USA attended the GMB stand. Our two agents also came to join from England and Germany.

During the fair, we were delighted to attend over 500 visitors and to demonstrate our global production system, driven by world leading technology, enabling us to offer a competitive edge for our products, to our visitors.

We, GMB Group, would like to express our thanks to all of the visitors to our stand.

Inter Cars Exhibition-Warsaw, Poland

Inter Cars, one of largest GMB customers in Europe, held an internal Exhibition from Sept 6 to 7. GMB had the chance to participate in this Fair as a supplier. It was a good opportunity to get acquainted with Inter Cars' customers and exchange mutual ideas to lead to successful business. From GMB, Mr. Tamiya Otaki and Mr. Takenori Hamada attended the stand and were able to deepen the relationships with many clients in Poland.

We express our deep thanks to Inter Cars, who provided the opportunity, and all the visitors who attended our stand.
