

GMB NEW YEAR'S PARTY

Although the world economic situation and prospects for 2009 still look uncertain, GMB Staff New Year's Gathering was held as in every other year and GMB has started the necessary preparations for putting our heart and soul into the work for 2009.

We were presented with keywords for 2009 from both the Chairman and the President of GMB Corporation.

Chairman Matsuoka
"Right-Person-in-the-Right-Place"

President Namboku
"Our belief in tomorrow will sustain us today"

All of us try to work very hard under these keywords.

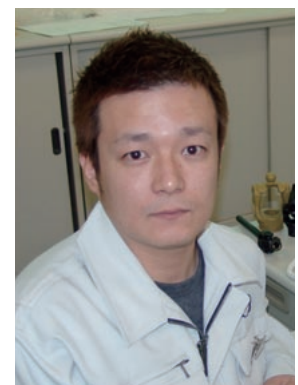

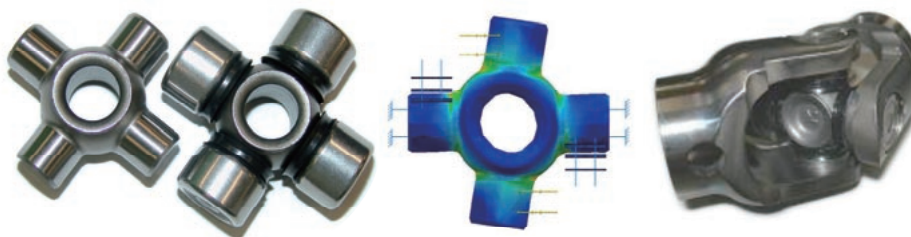

And we have the benefit of our customers uppermost in our mind and offer our best service to all customers.

GMB PRODUCT NEWS

We are pleased to announce to you that our steering joint yoke assy, developed between GMB and Kyowa, has been used in the 24 hours Le Mans race, one of the Triple Crowns of Motorsport.

Our Joint was fitted to the Dome Racing S102 Car which competed in the grueling 24 hours Le Mans race that is well known as a severe test of the racing car.

The car was produced by Dome Co., LTD, .

Hiroyuki Murata,
Subsection Chief,
Technical Dept.
GMB Corporation, Japan

GMB ALWAYS SUPPORTS DOME Co.,LTD.

The 24 Hours of Le Mans (24 Heures du Mans) is a sports car endurance race held annually since 1923 near the town of Le Mans, Sarthe, France. Commonly known as the Grand Prix of Endurance, it is organised by the Automobile Club de l'Ouest (ACO) and runs on a circuit containing closed public roads that are meant not only to test a car and driver's ability to be quick, but also to last over a 24-hour period.
