Thank You For Your Visit!! automechanika Frankfurt 2010

We trust you found the show to be both interesting and informative.

According to Automechanika Final Reports, Automechanika ended with the record number of visitor-nations: around 155,000 visitors come from 180 different countries.

And visitors from outside Germany increased significantly– 5 percent rise in number.

We also had a lot of visitors at our stand including our current and potential customers from all over the world and we were really pleased with the experience and the result.
